SELLING & MARKETING FITNESS EQUIPMENT

The Man with the Rose!! Pandit Jawaharlal Nehru, Prime Minister of India visits the TI Cycles stall at the Trade Fair in Delhi

OUR VISION

BUILD A GLOBALLY ADMIRER INDIAN ENGINEERING COMPANY CREATING STAKEHOLDER DELIGHT

India's leading engineering company engaged in manufacturing of precision steel tubes and strips, automotive, industrial chains, car door frame and bicycle's.

TII is one of India's leading manufacturers of a wide range of precision engineered and metal formed products for major industries such as Automotive, Railway, Construction, Mining, Agriculture, etc. The Company is also a leading manufacturer of bicycles in India, with a range of iconic brands and a strong market presence. The acquisition of CG Power and Industrial Solutions Limited, a major manufacturer of Motors, Transformers, Switch Gears and Railway parts, marked a major step-up for the Company, amplifying its scale and scope of operations. During the year the Company forayed into the Electric Vehicle segment with its new subsidiary TI Clean Mobility Private Limited and the acquisition of Celestial E- Mobility Private Limited, a manufacturer of Electric Tractors.

In line with its strategy of growth acceleration and transforming into a globally admired Engineering Company, TII is enlarging its ambit of operations with adjacencies and acquisitions, expanding its global footprint with innovative product streams and exploring new frontiers in emerging technologies.

A person is running on a treadmill. The person is wearing a dark blue t-shirt, dark blue shorts, and red sneakers. The treadmill is dark blue and black. The background is dark with some geometric shapes. There is a large orange triangle on the left side of the image. Inside the orange triangle is a white circle with a black silhouette of a person running on a treadmill. The word "TREADMILLS" is written in large, bold, white capital letters across the middle of the image.

TREADMILLS

HERCULES **FITNESS**

Treadmills provide a straightforward and efficient aerobic workout. For many, treadmills are a good choice to begin a new exercise routine because most individuals can take up walking regardless of fitness level and back condition. As strength and endurance develops, the treadmill can be used for jogging and/or for interval training.

BIKES

HERCULES **FITNESS**

An exercise bicycle is usually a special-purpose exercise machine resembling a bicycle without true wheels. The low-impact movement involved in operating an exercise bike does not put much stress on joints and does not involve sporadic motions that some other fitness equipment may require.
